

Testimonial for Ad-Sec

Adsec have been providing a number of security services to Vine Property Management for 7 Years, initially at Mitcham Industrial Estate where we provide over 100 hours of manned guarding each week managing the security of the estate tenants from the on site guard house. We have continued this service and are delighted to have commenced two new contracts with them at their sites in Kent and Slough. We are providing them with 168 hours of Manned Guarding at their Lympe site in Kent and 336 hrs of Manned Guarding to Wexham Springs in Buckinghamshire, pictured at the bottom of this page.

Vine are an established company providing commercial property management services to property investors and developers. The team currently manage a UK wide portfolio of properties covering all market sectors with a capital value of in excess of £1bn. Vine focuses solely on providing high quality property management services through a network of nine local management offices, run by senior and experienced property managers.

Vine has specific expertise in the management of multi-leased properties and portfolios, and the capability, where required, to integrate with clients property asset management teams and their management systems.

Our team works closely with asset managers, owners and occupiers, ensuring that properties are actively managed. Income returns are maintained and enhanced through strong financial control and estate management.
